## SUBJECT INDEX

**Best Practice—A Model for Future Medical Directors**  
Best Practice: A Model for Future Medical Directors  
Roberts 32(1):32–34

**Case Studies**  
Bridging the Underwriter and the Applicant  
Bridging the Underwriter and the Applicant Cotlar 32(2):109–111

**Frequent Premature Ventricular Contractions**  
Frequent Ventricular Contractions Duddlestone 32(4):262–265

**Membranoproliferative Glomerulonephritis**  
Membranoproliferative Glomerulonephritis Frank 32(3):186–188

**Microscopic Colitides**  
The Microscopic Colitides Swanson 32(1):35–38

**Congestive Heart Failure**  
Mortality in Two Recent Reports of Clinical Trials on Patients With Congestive Heart Failure Compared With Mortality in Three Previous Clinical Trials Singer 32(4):254–261

**Coronary Heart Disease**  
Coronary Heart Disease and Life Insurance Milano 32(3):167–185

**Database Design**  
Relational Database Design Wesley 32(2):63–70

**Dissociative Disorders**  
Underwriting Considerations for Dissociative Disorders Galbraith 32(2):71–78

**Editorials**  
The Journal: The Next 5 Years Roberts 32(1):1–4

**Marfan Syndrome**  

**Membranoproliferative Glomerulonephritis**  
Membranoproliferative Glomerulonephritis Frank 32(3):186–188

**Meningiomas**  

**Methodology**  

**Longitudinal Mortality Studies**  

**Normally Distributed Ages**  

**Premature Ventricular Contractions**  
Premature Ventricular Contractions Duddlestone 32(4):262–265

**Prostate Cancer**
Prostate Cancer and Life Insurance Milano 32(2):96–108

Pulmonary Tests
Pulmonary Flow Loop
Pulmonary Flow Loop Mambretti-Zumwalt 32(3):191–192

Spirometric Interpretation
Spirometric Interpretation Ritchie 32(3):193–194

Spinal Cord Injury
Long-Term Mortality Risk After Spinal Cord Injury Strauss 32(1):11–16

Structured Settlements
Annuities: Underwriting

Mortality Experience

Survival Studies

HMG-CoA Reductase Inhibitors
Expected Versus Observed Survival in 3 Large Population Studies With HMG-CoA Reductase Inhibitors Naslafkih 32(3):155–162

Meningiomas
Resected Meningiomas—A 12-Year Follow-Up of Survival Iacovino 32(1):22–25

Tetralogy of Fallot
Long-Term Survival After Repair of Tetralogy of Fallot Pokorski 32(2):89–92

Tetralogy of Fallot—Long-Term Survival
Long-Term Survival After Repair of Tetralogy of Fallot Pokorski 32(2):89–92

Traumatic Brain Injury
Comparative Mortality With Traumatic Brain Injury in California Shavelle 32(3):163–165

Vital Statistics

Wegener’s Granulomatosis
Long-Term Survival of Patients With Wegener’s Granulomatosis Iacovino 32(4):249–253
