

## **Medical Director for Cerner Healthe Employer**

Cerner Corporation is the leading U.S. supplier of healthcare information technology solutions that optimize clinical and financial outcomes. Around the world, health organizations ranging from single-doctor practices to entire countries turn to Cerner (NASDAQ: CERN) for our powerful yet intuitive solutions. Cerner offers clients a dedicated focus on healthcare, an end-to-end solution and service portfolio, and proven market leadership.

Cerner's Healthe Employer organization is a health services provider to Fortune 2000 companies. Services include development and management of on-site primary care and occupational health clinics, wellness and condition health management, on-site pharmacy, third party claims administration, and benefit design. Healthe Employer currently operates more than 25 clinics throughout United States, including clients such as Cisco, Toyota, Frito-Lay, Campbell's Soup, and other companies. Healthe Employer services combine the strength of Cerner's technology innovation with over 30 years of experience and knowledge working with healthcare providers around the world.

Cerner's Healthe Employer has an immediate need for a Medical Director. As the Healthe Employer Medical Director, you will:

- Monitor and evaluate clinical quality across service offerings and provide feedback to clinical teams
- Conduct chart reviews on clinic providers to assess care delivery and provide guidance for physician/provider performance expectations
- Serve as the clinical client liaison for Healthe Employer clients
- Assist sales team in delivering presentations on the Healthe Employer offerings
- Provide clinical support during implementation of programs to client sites
- Serve as the medical and ordering authority for wellness screenings program
- Working with analytics team to develop consistent dashboard reporting for clients on clinical and financial measures
- Serve as a clinical content expert for development and support of chronic disease management programs and screening programs for Healthe Employer services.
- Evaluate policies and procedures for Healthe Employer services
- Interact with Cerner Development and Information Systems on operation implications of various technologies
- Provide educational support for clinical staff development

### Minimum Requirements:

- Graduation from an accredited medical school and training program
- Maintains an active medical license that is in good standing
- Family Practice and/or Internal Medicine board certified
- 5- 7 years of practice experience
- 5 - 7 years of Health Plan Medical Director or Health Plan administration experience
- Strong quality background
- Experience with medical oversight of clinics

- Experience developing and implementing clinical programs
- Strong condition management experience
- Currently residing or willing to relocate to Kansas City
- Able to travel up to 50%

Preferred Requirements:

- 7 – 10 years of practice experience
- 7 – 10 years of Health Plan Medical Director or Health Plan administration experience
- Multiple active state licenses
